He also spoke about the necessity of hiring BCG Group for guiding, supervising and monitoring of the staff of BSNL.

At the outset BSNLEU has informed that the experience of the engaged consultancy groups has not given any sufficient out come for the betterment of the BSNL. Hence, this time also, we have strong protest to engage an outside company for the betterment of BSNL. In addition to this protest by BSNLEU, the BSNLEU also raised the question in the meeting that when management is claiming that revenue has increased and loss has been reduced in this financial year, then what is the necessity of hiring the BCG Group. On the issue of the hiring of BCG Group, BSNLEU recorded its strong protest about the hidden agenda of the management for outsourcing of the jobs, introduction of VRS etc.

On 4G issues, BSNLEU raised its dissatisfaction and told that the existing staff should be utilized for the better performance of BSNL. It is worst position for BSNL due to non-completion of 4G network for which customers are leaving BSNL. BCG Group cannot solve the present day situation. Only the staff and management can overcome the crisis.

BSNLEU also raised the other question, that when department is not having money for 3rd PRC, then why BCG group is being hired at the huge cost of Rs.132 Crores. For this, the CMD BSNL informed that a separate meeting can be arranged with BCG group where the Unions and Associations can give their apprehensions about the BCG Group performance.

All Unions and Associations have urged upon the CMD BSNL to complete the 3rd PRC process, without further delay, so that the workforce will do better performance for the betterment of BSNL.
